TEXTBOOK BOARD, LAHORE**

Founder of Pakistan

Quaid-e-Azam
Muhammad Ali Jinnah

“Education is a matter of life and death for Pakistan. The world is progressing so rapidly that without requisite advance in education, not only shall we be left behind others but may be wiped out altogether.”

(September 26, 1947, Karachi)

Edition

June 2021

Punjab Curriculum & Textbook Board, Lahore

PREFACE

Sustainable technical development is the pathway to the socio-economic development of a nation. To have technologically vibrant, industrialized and knowledge-based Pakistan, maximum efforts must be directed towards imparting high quality education covering emerging trends, modern developments and scientific learning.

Scheme of Studies and Curriculum lie at the heart of the educational enterprise. These are the means through which nations transmit their philosophy of life and its spirit to exemplify their value system to their younger generations. The development of Scheme of Studies requires inputs of all the stakeholders from every walk of life to reflect the needs of all relevant segments of the society and interests of the learners.

Curriculum, syllabus and standards of education were on the Concurrent List under Entry 38 of the Concurrent Legislative List to the Fourth Schedule of the Constitution of Islamic Republic of Pakistan, 1973. After 18th Constitutional Amendment, development of curricula and approval of textbook manuscripts and supplementary reading material relating to textbooks, production of reference and research material in respect of the problems relating to the Scheme of Studies and curricula / textbooks etc. are now the exclusive domain of the Punjab Curriculum and Textbook Board (PCTB) under Punjab Curriculum and Textbook Board Act, 2015 (Act VI of 2015).

The Punjab Curriculum and Textbook Board is striving hard to carry out its mandate. In this regard, it has developed Scheme of Studies from Early Childhood Care & Education (Pre 1) to Intermediate Level for the province of Punjab in consultation with all the stakeholders involved in the delivery of education. The Scheme of Studies has not only laid requisite emphasis on STEAM subjects like Science, Technology, Engineering, Art and Mathematics, but has also focused on Quranic Education with Urdu as well as English translation of the Holy Quran, Technical Education, Computer Science & ICT, Agriculture Education, Business & Commerce, Applied Arts and Sports Education.

I would like to extend my gratitude to the Committee for Development of Scheme of Studies, as well as various experts of PCTB for their valuable efforts in developing revised edition of Scheme of Studies. I would also like to thank the Minister for School Education and Secretary, School Education Department for their guidance and support. May Almighty Allah guide us in achieving the aims and objectives laid down by the Government.

**Managing Director
Punjab Curriculum
and Textbook Board**

Scheme of Studies

From Early Childhood Care & Education(Pre-1) to Intermediate Level

Introduction

The Constitution of the Islamic Republic of Pakistan has laid down in its Article 25-A that “The state shall provide free and compulsory education to all children of the age of five to sixteen in such manner as may be determined by Law”. Accordingly, the Defunct Ministry of Education, Islamabad, was developing Education Policies, Scheme of Studies, Curricula etc. before the promulgation of 18th Amendment, (Act X of 2010) of the Constitution. The said amendment devolved education from the Concurrent Legislative List to the provinces. Consequently, the Government of the Punjab established “Punjab Curriculum and Textbook Board (PCTB)” by Act VI of 2015 passed by the Provincial Assembly of the Punjab.

The Punjab Curriculum and Textbook Board Act, 2015 has empowered PCTB to prepare Scheme of Studies, Curricula, Textbook Manuscripts and Supplementary Reading Materials for various classes. To embark upon this exercise, PCTB examined the Scheme of Studies and Curricula developed by Ministry of Federal Education & Professional Training, Islamabad. Input was also obtained from Boards of Intermediate and Secondary Education, Directorate of Public Instructions Punjab, and various educational institutions and experts. The Scheme of Studies was finalized after a series of consultative meetings with the Government of the Punjab, School Education Department.

This Scheme of Studies encompasses updated outline of subjects to be taught from Pre-Primary Education to Intermediate level, indicating core and elective subjects, medium of instruction for each subject and the time and marks allocated for theory and practicals. Based on this Scheme of Studies, curriculum for each subject will be developed or revised in the form of sets of courses to be offered in a systematic order throughout the studies. The textbooks will be developed and revised with the guidelines provided in the curricula.

To promote the concept of “One Nation One Curriculum”, National Curriculum Council, Ministry of Federal Education and Professional Training, Islamabad has developed Single National Curriculum for Grades Pre I-V in consultation with all Provinces and Federating Units. Government of the Punjab has approved the same for adoption in the Province. Accordingly, the Scheme of Studies has been revised to incorporate changes made in the said Single National Curriculum so as to meet the requirements of PCTB Act 2015.

Components of Scheme of Studies

1. Subjects to be taught from Early Childhood Care & Education to Intermediate Level
2. Subject-Wise Weightage
3. Medium of Instruction.
4. Allocation of Periods and Marks for various subjects
5. Weightage of Theory and Practical Periods
6. Co-curricular Activities
7. Weightage of Skills and Physical Activities and Sports
8. Mode of Assessment / Evaluation

Aims and Objectives of Scheme of Studies

1. To prescribe the subjects to be taught to various Grades to impart high quality student-centered learning.
2. To prescribe the teaching of Naazrah Quran and translation of the Holy Quran as a separate subject.
3. To transform School Education with added emphasis on Science, Technology Engineering, Art and Mathematics (STEAM subjects), integration of core subjects and 21st century skills and skillful application of emerging trends, modern concepts, technical knowledge and innovative activities.
4. To promote awareness about National Integration, Patriotism, Islamic Ideology and its impact on socio-economic development and security of the country.
5. To produce disciplined, motivated and enlightened youth with high moral character, sound ethical values and resilience to face adversities and challenges.
6. To produce creative, constructive and critical thinking individuals imbued with Quaid-e-Azam's & Allama Iqbal's vision with in-depth understanding of technology-driven knowledge economy.
7. To bridge the gap between Public Sector & Private Sector Educational Institutions and Deeni Madaris.

Highlights of Scheme of Studies

- e. Higher Secondary: English for Mathematics, Physics, Chemistry, Biology, Medical and Allied Health Technologies / Engineering Technologies / Technical & Vocational Education and Agriculture / Veterinary & Animal Sciences. Urdu for other subjects.
- 3. Concept of STEAM subjects as envisioned by the Government of the Punjab has been introduced as under:
 - a. A new group of STEAM subjects namely Medical Related Technologies / Engineering Related Technologies / Technical & Vocational Education Group has been introduced for Grades IX-X.
 - b. Three new groups of STEAM subjects have been introduced for Grades XI-XII as under:
 - (1) Medical & Allied Health Technologies / Engineering Technologies / Technical & Vocational Education Group
 - (2) Agriculture / Veterinary & Animal Sciences Group
 - (3) Applied Arts Group

4. An effort has been made to bridge the gap between Public Sector & Private Sector Educational Institutions and Deeni Madaris through introduction of a balanced programme of studies with emerging trends, modern concepts & technological innovations keeping in view the best national interest and career requirements of the students.
5. Teaching of Naazrah Quran has been introduced for Grades I-V and translation of Holy Quran for Grades VI – XII.
6. For non-Muslim students, Religious Education has been introduced in place of Ethics & Morality for Grades I-XII.
7. Humanities and General Group for Grades IX-X and XI-XII has been developed as Humanities, Social Sciences and General Group after adding relevant subjects of studies.
8. Commerce Group has been developed as Business and Commerce **Group** for Grades XI-XII.
9. Personality development and life skills have been introduced through Sports and Co-curricular activities as under:-
 - a. Boy Scouts/Girl Guides, Bazm-e-Adab, Physical Education and Games & Sports for Grades VI-VIII.
 - b. Civil Defense/Nursing & First Aid, Community Service and **Games & Sports** for Grades IX-X.
 - c. NCC / Women Guard, Unarmed Combat & **Martial Arts**, Community Service and Games & Sports for Grades XI-XII.

Core Subjects

8. Core subjects for Pre-Medical Group of Grades XI-XII are Translation of Holy Quran, Urdu, English, Islamiat, Pakistan Studies, Physics, Chemistry, Biology and Computer Science & ICT / Mathematics.
9. Core subjects for Pre-Engineering Group of Grades XI-XII are Translation of Holy Quran, Urdu, English, Islamiat, Pakistan Studies, Physics, Chemistry, Mathematics and Computer Science & ICT.
10. Core subjects for Medical & Allied Health Technologies / Engineering Technologies / Technical & Vocational Education Group of Grades XI-XII are

Translation of Holy Quran, Urdu, English, Islamiyat, Pakistan Studies, Medical and Allied Health Technologies / Engineering Technologies / Technical and Vocational Education, besides Physics, Chemistry and Biology / Mathematics.

11. Core subjects for Agriculture / Veterinary & Animal Sciences Group of Grades XI-XII are Urdu, English, Islamiyat, Pakistan Studies, Agriculture / Veterinary & Animal Sciences, besides Physics, Chemistry and Biology.
12. Core subjects for General Science Group of Grades XI-XII are Translation of Holy Quran, Urdu, English, Islamiyat, Pakistan Studies and a combination of three subjects with Mathematics, out of Statistics, Physics, Economics and Computer Science & ICT, besides Education & Pedagogical Skills.
13. Core subjects for Humanities, Social Sciences & General Group of Grades XI-XII are Translation of Holy Quran, Urdu, English, Islamiyat, Pakistan Studies and three electives out of any one sub Group of Humanities, Social Sciences & General Group, besides Computer Science & ICT / Education & Pedagogical Skills.
14. Core subjects for Business & Commerce Group of Grades XI-XII are Translation of Holy Quran, Urdu, English, Islamiyat, Pakistan Studies, Business & Commerce, Banking-Accounting & Finance, Management & Marketing besides Computer Science & ICT.
15. Core subjects for Home Economics Group of Grades XI-XII are Translation of Holy Quran, Urdu, English, Islamiyat, Pakistan Studies and six subjects from Home Economics besides Computer Science & ICT / Mathematics.
16. Core subjects for Islamic Studies Group of Grades XI-XII are Translation of Holy Quran, Urdu, English, Islamiyat, Pakistan Studies, Arabic & Quranic studies, Advanced Islamic Studies, Muslim History & Culture, besides Computer Science & ICT.
17. Core subjects for Applied Arts Group of Grades XI-XII are Translation of Holy Quran, Urdu, English, Islamiyat, Pakistan Studies and six subjects from Applied Arts, besides Computer Science & ICT.

Format of the Curriculum Document

Curriculum will be developed for every subject given in the scheme of studies as per following format:

- a. Introduction: Rationale, process of curriculum development, key learning areas and standards.
- b. Transition of Scheme of Studies for relevant subject into curriculum, textbooks and dissemination of knowledge & skills to the students.
- c. Grade-wise learning units distribution matrix.
- d. Details of themes and sub-themes and Grade wise student learning outcomes.
- e. Teaching and learning strategies.
- f. Assessment and Evaluation.
- g. Guidelines for authors and reviewers for developing textbooks and teaching & learning material.
- h. Details of practical and lab works and suggested activities, if applicable.
- i. Composition of the Curriculum Draft / Review Committee.

Textbooks

Textbooks will be prepared in the light of curriculum as per Policy of the Government.

Assessment & Evaluation System

1. Students will be assessed by the concerned educational institution in various subjects for Grades I – VIII at the end of each academic year, besides quarterly tests. However, for Grades IX – XII examination will be conducted by the respective BISE/ Wafaq-ul-Madaris.
2. The existing examination system will be gradually transformed into curriculum based evaluation under a phased programme.
3. Ability of a private candidate in performing practical work will be assessed during the examination conducted by BISE / Wafaq-ul-Madaris as per guidelines issued by the Government.

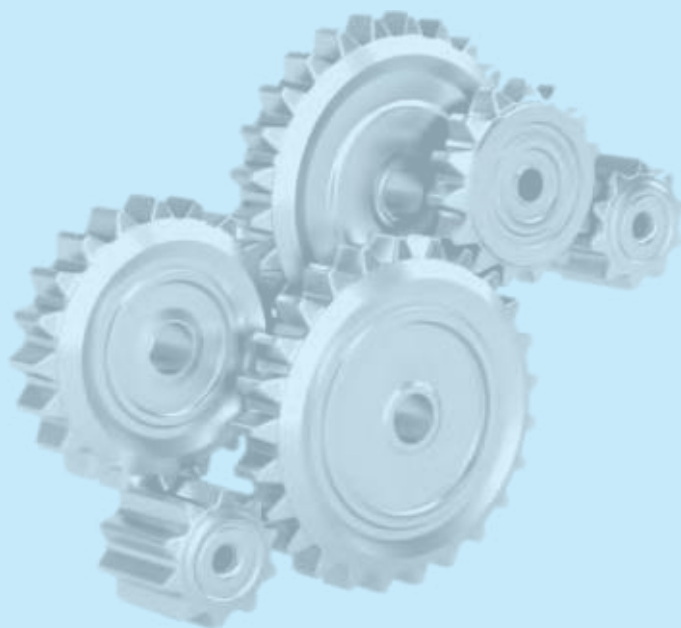

Implementation Strategy

1. Implementation of newly introduced **STEAM** subjects as per directions of the Government will require timely provision of sufficient labs and subject teachers. In this context, School Education Department will ensure adequate coordination amongst PCTB, QAED, PEC Directorate of Education, BISE, Punjab Educational Equipment Centre and TEVTA etc. besides advising the school administration to maintain close liaison with local community, industry and hospitals etc. for arranging educational tours for the students.
2. Necessary guidance, counseling and technical & professional advice will be provided to the students up to Higher Secondary level by the concerned teachers. In this regard a booklet on “Guidance & Counseling” will be provided to all the Educational Institutions.

Scheme of Studies For Grades XI-XII

Scheme of Studies For Grades XI - XII

A student should opt for any one of the following Groups

1.	Pre-Medical Group
2.	Pre-Engineering Group
3.	Medical & Allied Health Technologies/Engineering Technologies/ Technical & Vocational Education Group
4.	Agriculture / Veterinary & Animal Sciences Group
5.	General Science Group
6.	Humanities, Social Sciences and General Group
7.	Business & Commerce Group
8.	Home Economics Group
9.	Islamic Studies Group
10.	Applied Arts Group

Note

1. Studies in Pre-Medical Group will facilitate admission in Medicine, Dentistry Medical & Allied Health Technologies or Agriculture / Veterinary & Animal Sciences at University level.
2. Studies in Pre-Engineering Group will facilitate admission in Engineering or Engineering Technologies at University level.
3. Studies in Medical & Allied Health Technologies / Engineering Technologies / Technical & Vocational Education Group will facilitate admission in Medical & Allied Health Technologies and Engineering Technologies at university level besides admission in Medical and Engineering Streams.
4. Studies in Agriculture / Veterinary & Animal Sciences Group will facilitate admission in Agriculture or Veterinary and Animal Sciences besides Medical stream at University level.
5. Studies in General Science Group and Humanities, Social Sciences & General Group for Grades XI-XII will facilitate admission in Humanities and Social Sciences subjects at University level.
6. Studies in Business & Commerce Group, Home Economics Group and Applied Arts Group will facilitate admission in respective specializations at University level.
